autohound

It pays to have good partners! As a member of Co-Auto you can now advertise your full inventory on **autohound.ca** for the rock bottom price of **\$299** per month.

Autohound – created by the dealers and for the dealers – has been listening to their peers, and decided to drastically reduce their pricing in line with the traffic and leads they are generating. This deal will ensure more value per dollar on Autohound than ever before.

Autohound is continuing to power the autos section on **MSN.ca** – Our countries most visited website.

There's never been a better time to be on Autohound.
