President's Message

I would like to take this opportunity to wish all of our valued shareholders and members a Happy New Year and all the best in 2010. There is a great deal of optimism here at Co-Auto for 2010 as the economy is showing signs of recovery and industry leaders are now predicting growth.

I am pleased to report that in 2010 we are now going to be communicating via email in an effort to reduce costs and to increase your awareness of the many products and programs that we offer to grow profits and reduce costs.

Online Ordering is now launched and this new tool will also allow your accounting department to view invoice history, therefore eliminating the need to call for invoice copies.

Another new initiative is that we will be emailing your purchase and rebate summary through an automated process if you request it. In the next few weeks we will communicate this information to the Dealer Principal and Secretary Treasurer.

All the best in 2010 and thank you for your support and your business!

Yours truly,

Tom Langton
President & C.E.O.
